Career Objective

To secure a challenging role in the field of Computer Science and Artificial Intelligence, where I can apply my skills, gain hands-on experience, and contribute to innovative projects while continuously learning and growing. I aim to work in a dynamic environment that encourages professional development and fosters creativity in problem-solving.

Education

B.Sc. Computer Science with Artificial Intelligence

SDNB Vaishnav College for Women

(Expected Graduation: 2027)

Skills

- **Programming Languages:** Python, HTML, CSS
 - **AI & Machine Learning:** Basic AI Concepts, Data Analysis, Neural Networks (Beginner)
 - **Web Development:** Frontend Development (HTML, CSS), Responsive Design
 - **Soft Skills:** Problem Solving, Communication, Teamwork, Leadership
 - **Tools & Platforms:** GitHub
-

Certifications

- **Microsoft Certifications:** 12 Certifications in AI & Cloud Computing
- **LinkedIn Certifications:** 300+ Certifications in Python, AI, Cybersecurity, Data Science, and more
- **TCS iON Certifications:** 3 Certifications
- **Great Learning Certifications:** 15+ Certifications
- **Simplilearn Certifications:** 10 Certifications

- **EFSET Certifications:** 3 Certifications
 - **Cambridge English Certification**
-

Projects

Harvers Hub

- Developed a farm-to-table platform that connects farmers directly with consumers and retailers.
 - Features include data-driven decision-making, in-app logistics, and farmer empowerment.
 - Created for Smart India Hackathon.
-

Music Album Showcase (HTML Project)

- Designed a web-based music album showcase using HTML and CSS.
 - Implemented interactive UI elements and embedded music player.
 - Focused on responsive design and accessibility.
-

Experience & Activities

- Attended Microsoft AI Tour in Bangalore and met Satya Nadella.
 - Organized multiple technical and cultural events in college.
 - Active member of college's AI and Coding Club.
-

Languages

- English, Tamil, Malayalam
-

Hobbies & Interests

- Learning new AI & technology trends
 - Exploring blockchain applications
 - Watching science fiction movies
 - Participating in coding competitions and hackathons
 - Reading about data privacy laws and cybersecurity threats
-

Declaration

I hereby declare that the above information is true and correct to the best of my knowledge.
